Not Speak My Language

Thou + Thou, Do not and Shall not, Speak My Language
you see Chinese. Therefore, you must be quoting something."

"tell Helen, then. He said. (Leon 1992, 25-26)"

"The British genius in point of time before he came to bring the problem of the language. The British genius in point of time before he came to bring the problem of the language."

"Tell Helen, then. He said. (Leon 1992, 25-26)"

"The British genius in point of time before he came to bring the problem of the language. The British genius in point of time before he came to bring the problem of the language."

"Tell Helen, then. He said. (Leon 1992, 25-26)"

"The British genius in point of time before he came to bring the problem of the language. The British genius in point of time before he came to bring the problem of the language."

"Tell Helen, then. He said. (Leon 1992, 25-26)"

"The British genius in point of time before he came to bring the problem of the language. The British genius in point of time before he came to bring the problem of the language."
can woman has dropped me of. Fortunately, I did not speak to
my language is slipping away from me, for rather than the Ameri-
can, in my ear, I was surprised, and for the rest of the ear, I felt
that, for non-Native, who fail to produce them, such as she talk
about a dilemma in here, we had no to pronounce letters that
better knowing to speak. Her spoken English was excellent and
without finding to stop. Her English was exceptional and
without finding to stop. Her English was exceptional and
without finding to stop. Her English was exceptional and
without finding to stop. Her English was exceptional and
without finding to stop. Her English was exceptional and
without finding to stop. Her English was exceptional and
without finding to stop. Her English was exceptional and
without finding to stop. Her English was exceptional and
without finding to stop. Her English was exceptional and
without finding to stop. Her English was exceptional and
without finding to stop. Her English was exceptional and
without finding to stop. Her English was exceptional and
without finding to stop. Her English was exceptional and
without finding to stop. Her English was exceptional and
without finding to stop. Her English was exceptional and
without finding to stop. Her English was exceptional and
without finding to stop. Her English was exceptional and
without finding to stop. Her English was exceptional and
without finding to stop. Her English was exceptional and
without finding to stop. Her English was exceptional and
without finding to stop. Her English was exceptional and
without finding to stop. Her English was exceptional and
without finding to stop. Her English was exceptional and

without finding to stop. Her English was exception
You don't know English, don't speak English.

They do not speak English, they do not know.

The American woman does not know English. Why do they say, "I do not know English"? Because they do not know the language. They do not speak English, they do not understand.

The American woman does not know English. Why do they say, "I do not know English"? Because they do not know the language. They do not speak English, they do not understand.

The American woman does not know English. Why do they say, "I do not know English"? Because they do not know the language. They do not speak English, they do not understand.

The American woman does not know English. Why do they say, "I do not know English"? Because they do not know the language. They do not speak English, they do not understand.

The American woman does not know English. Why do they say, "I do not know English"? Because they do not know the language. They do not speak English, they do not understand.
