

## **SAW Seminar: Mathematical practices in the context of the astral sciences**

**May 23, 2014**

**Hermann Hunger (University of Vienna)**

*Who produced cuneiform astronomical tables and related texts?*

**Abstract:** The relationships between various groups of cuneiform astronomical texts can only partially be identified. After an overview about these groups of texts, some information on the scribes who wrote them will be presented, both about their astronomical work and their other activities.
